SUMMARY

Full Stack Developer passionate about building scalable, high-performance applications using Java, Spring Boot, React.js and MySQL. Skilled in RESTful APIs, Microservices, and cloud-based development, with a strong focus on problem-solving, collaboration, and optimizing user experiences.

WORK EXPERIENCE

Code-B Solutions Pvt. Ltd. – Full Stack Developer Intern   **March 2025 – May 2025**

- Successfully completed a 2-month internship focusing on full-stack development using Java and Spring Boot.
- Developed and contributed to backend services using REST APIs, improving scalability and performance.
- Demonstrated a strong understanding of Java and Spring Boot through real project involvement.
- Collaborated effectively with the team, showing growth in technical and soft skills.

EDUCATION

Bachelor of Computer Applications   **July 2021 - Jun 2024**

- Modern College of Arts, Science and Commerce | Pune, India
- Specialization in Web development and web management.
- Grade : 9.54 CGPA(Overall)

ACADEMIC PROJECTS

Book Shop Management System

- Technologies Used: Java, Spring Boot, React.js, MySQL, Context API.
- Developed a full-stack e-commerce platform for buying and managing books, enabling users to browse, search, and order books seamlessly. Implemented cart and order management functionality, ensuring smooth checkout and order tracking. Designed an admin dashboard for managing books, users, orders, and stock levels, allowing efficient inventory tracking and updates. Focused on responsive UI, state management using Context API, and optimized database interactions for better performance.

Real Estate Management System

- Technologies Used: Java, Spring Boot, JavaScript, Thymeleaf, MySQL, Spring Security.
- Developed a web application enabling property owners to list and manage properties while users can search, schedule viewings, and book appointments. Implemented role-based authentication for secure access and a user-friendly interface for seamless navigation.
